

## Build a Coral Polyp

## CORAL REEF

How is the coral polyp you built *similar* and *different* from real coral polyps that live on a coral reef in the ocean? Record your ideas in the chart below.

Part of polyp	What does this part represent in the <i>real world</i> ?	It is like the real thing because...	It is different than the real thing because...
Banana			
Hole in the center of the banana			
Twizzlers or pretzels			
Sprinkles			
Broken up crackers surrounding the banana			
Bottom cracker			
Jelly on the cracker
