Our Hungry Planet: Design Thinking Challenge

Food Topic Design Challenge Spectrum

- Design a new vending machine for your school
- Design a distribution system for the leftover food from your cafeteria
- Design a garden for your home, school, or town
- Design a mini vertical garden that fits inside your classroom
- Design a zero waste school cafeteria
- Design a Twitter campaign to promote awareness of food choices among your peers
- Design a composting system for your home
- Design a vegetarian feast for your class (and make it happen!)
- Design a meal using leftovers

1 hour  2 class periods  3 class periods  1 week
