

# Penguin Party Hat

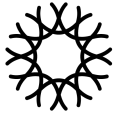

## Materials

One printed copy of page 2  
Two printed copies of page 3  
Scissors  
Glue stick  
Markers, crayons, or colored pencils  
Yarn, string, or elastic string  
Hole puncher (optional)

## Directions

1. Print and cut out the shapes on page 2 (one copy) and page 3 (two copies).
2. Lightly fold two white circles in half but do not crease.
3. Position the circles as shown at right. This will be the base of the hat, so fit it around your head before glueing the ends together.
4. Glue the penguin body shape around the hat.
5. Glue the sides of the penguins head together.
6. Glue the two wings to the back of the penguin.
7. Draw two feet on the scrap paper, cut them out and glue them to the bottom of the hat.
8. Draw eyes and markings, and add any other decorations you like.
9. Punch a hole on both sides of the hat and tie a piece of yarn, string, or elastic to fit under your chin.
